

WEYTEC

Do it smart.

SMART CONTROL ROOMS

USER EXPERIENCE

Take Control of the Situation

THE WORLD AT YOUR FINGERTIPS

Concentrate on core processes without the distraction of switching between different systems.

- **MODERN TOUCH SCREEN**
- **PRACTICAL KEYPADS**
- **INDIVIDUAL APPLICATIONS**
- **FLEXIBLE TEAMWORK**
- **ERGONOMIC CONSOLE**
- **INTELLIGENT SENSORS**
- **OUTSTANDING ACOUSTICS**
- **FLEXIBLE INTERFACES**

User experience solutions from WEYTEC reduce the user interface to a single device. They are the optimal solution when...

... you want to control all your applications, computers and screens with a single keyboard and mouse.

... you need to work more quickly, securely and productively.

... you need to react immediately and purposefully to events.

... you must stay in complete control and always maintain the overview.

... ergonomics is important to you.

... you want to control alarms and building technology at the touch of a button.

Create the perfect workplace environment.

COLLABORATION

Real Time Access to all your Information Sources

SIMPLIFY COMPLEX WORKFLOWS

React to events independently of time and place, and quickly change locations if need be.

- **MODULAR SCALABLE ARCHITECTURE**
- **COST-EFFICIENT**
- **FREE-SEATING**
- **FUTURE-PROOF**
- **UBIQUITOUS SOURCES**
- **BUSINESS CONTINUITY**

Operators need immediate access to all available information sources, and they need to be able to control, display and toggle between them easily and intuitively. Collaboration solutions from WEYTEC optimize your working environment, when...

- ... you want to distribute access to all the information sources within your organisation according to individual user right profiles.
- ... system outages are not an option.
- ... you want to extend collaboration across multiple sites.
- ... users are working in a mixed PC environment.
- ... free seating is required.

Create a future-proof workspace which simplifies workflows and fosters efficiency.

VISUALIZATION

Intelligent Image Processing and Presentation

STAY FOCUSED

Display a broad variety of sources on your screens and video wall and switch easily and intuitively between them.

- **MADE FOR 24/7 ENVIRONMENTS**
- **FULLY INTEGRATED WITH WEYTEC SOLUTIONS**
- **BRILLIANT IMAGE QUALITY**
- **A CHOICE OF STATE-OF-THE-ART VIDEO WALL TECHNOLOGIES**

Visualization solutions from WEYTEC transform an entire display environment into a visual workspace with a boundless pixel area. They are the optimal solution when...

- ... you need to integrate separate displays into a continuous visualization surface.
- ... users want to place, scale and move sources across multiple screens and video walls.
- ... users need to switch easily between presets and scenarios on screens and video walls.
- ... you want to use a single monitor for multiple sources.

Create the perfect visual environment in your control room.
